Your patient's individual insurance company may determine the specialty pharmacy from which they can obtain their specialty medications. Bristol Myers Squibb can make no guarantee of availability of ZEPOSIA at the specialty pharmacy. Bristol Myers Squibb does not endorse the use of any particular pharmacy. The table above is not an exhaustive list of specialty pharmacies.

In addition to the specialty pharmacies listed above, ZEPOSIA is also available at many other health system specialty pharmacies.

Since support services can vary from pharmacy to pharmacy, HCPs are encouraged to use ZEPOSIA 360 Support™ in conjunction with their pharmacy—to ensure patients' needs are met.
